Anglo Krempel

About the project

Anglo Krempel were looking to improve and enhance working conditions for their employees. By replacing their existing lighting with the latest LED high bay technology from Philips.

Solution

Using our in-house design team, we produced a full 3D simulation model to calculate a more ambient lighting level throughout the warehouse. The LED installation comprise of 515 new light fittings. The new install provided cost savings of over £11,000 per year with a payback over 6.94 years.
