

DOMESTIC CASE STUDY

1 Greenwood Road

EMPOWER
ENERGY

TOMORROW'S GENERATION TODAY

Greenwood Road, Ringwood

Empower Energy installed a 3.85kW system at Greenwood Road, Ringwood, Dorset. The installation comprised of SolarEdge inverters and optimisers. We choose Canadian Solar Panels as their performance is outstanding in low light which make the system really suitable for the irradiance levels found in England.

Over a typical year the system will have saved 2,039Kg of Co2
